

SHELLAC™

SHELLAC REMOVER WRAPS

WHAT IT IS

Plastic-backed, self-adhering cotton wraps custom designed for gentle, efficient removal of the Shellac UV Color Coat System.

WHAT IT DOES

- Allows for targeted application of acetone on the nails.

WHY YOU NEED IT

- Minimizes exposure to acetone for Nail Professionals and their clients.
- Retains natural body heat to reduce removal time.
- Allows clients freedom of movement during the removal process.

FEATURED BENEFITS

- Innovative design for ease of use and efficient removal of Shellac.
- Provides a custom fit to each finger with a self-adhesive tab.

DIRECTIONS FOR USE

- Saturate cotton wrap on pad with acetone. Place wrap under finger.
- Fold cotton pad over nail and wrap around finger, ensuring a tight, snug fit.
- Secure wrap with adhesive tab. Leave wrap on finger for 10 minutes.
- Using a twisting motion, pull wrap from nail and gently slide off any remaining product with an orangewood stick.

CND offers comprehensive education opportunities. Check the education section of cnd.com for a course near you.

CREATIVE SUGGESTIONS

- For pedicure services, use Shellac Remover Wraps on big toes and cotton and foil on small toes.

AVAILABLE SIZES

- 10-pk Remover Wrap Pack (10 Shellac Remover Wraps, 1 orangewood stick)
- 100-pk Remover Wrap (100 Shellac Remover Wraps)
