FEATURED INGREDIENTS & BENEFITS

Vitamin E (Tocopheryl Acetate):

Antioxidant known to neutralize free radicals associated with premature aging of the skin; softens and moisturizes.

Grape Seed Oil (Vitis Vinifera):

Contains nutrients and provides light conditioning with essential fatty acids, vitamins, minerals and protein. Has mild astringent qualities to help firm and tone skin. Good antioxidant.

Urea:

Increases absorption of active ingredients, relieves itching and softens skin. Recommended by many dermatologists for severe dry skin. Regarded as a true moisturizer rather than a humectant, as it attracts and retains moisture in the corneum (upper skin) layer.

Citrus Oil Blend:

Effective skin toner to help maintain healthy, smooth skin. Good antioxidant.
